

INSTALLATION INSTRUCTIONS

Item #N6679-274 (04/24/2014)

READ AND SAVE THESE INSTRUCTIONS

WARNING! SHUT POWER OFF AT FUSE OR CIRCUIT BREAKER.
AVERTISSEMENT! COUPER LE COURANT AU NIVEAU DES FUSIBLES OU DU DISJONCTEUR.

PREPARING THE FIXTURE (Fig.2)

1. Shut off the power at the fuse box or circuit breaker. If necessary, remove the existing fixture and its mounting hardware from the ceiling.
2. Carefully remove the new fixture from the carton and check that all parts are included as shown in the illustration.
3. Place frame (E&D) on the arm and secure with screw (H) as shown.
4. Install the bulbs (F) (3 pcs).
5. Place column (C) over the tube and secure with nut (B).
6. Determine the desired hanging height and thread rods (A) to the nipple of fixture tube. Feed the fixture wires through each rod (A) as you assemble.
7. Feed the fixture wires through the swivel and canopy and pull tight.

MOUNTING THE FIXTURE (Fig.1)

8. Drill holes on the ceiling in accordance with the holes in mounting strap and knock the anchor bolt into the holes.
9. Attach mounting strap to the outlet box using the box screws (Size: #8-32*1.25L) and self-tapping screws. The side of the mounting strap marked "GND" must face out.

CONNECTING THE WIRES (Fig. 3)

10. At this point, connect the electrical wires as shown in Fig. 3, making sure that all wire connectors are secured. If your outlet box has a ground wire (green or bare copper), connect the fixture's ground wire to it. Otherwise, connect the fixture's ground wire directly to the mounting strap using the green screw provided. After the wires are connected, tuck them carefully inside the outlet box.

FINISHING THE INSTALLATION (Fig.1 & 2)

11. Attach the canopy to the mounting strap using side screw.
12. Install the bulbs (18 pcs) in accordance with the fixture's specifications. **(DO NOT EXCEED THE MAXIMUM WATTAGE RATING!) (NE PAS DEPASSER LA PUISSANCE NOMINALE MAXIMALE!)**

Your installation is now complete. Return power to the outlet box and test the fixture.

Note: Illustration on this manual is for installation purposes only. It may or may not be identical to the fixture purchased. Do not clean your light fixture or parts with water or cleanser.
